

**CHARITY DOE**  
**NOTES TO MYSELF ABOUT WHO IS WHO IN THE DRAGONKIN**

**Aisling Grey:** mate to the green wyvern, Drake. She's also a Guardian, and has a demon in dog form named Jim.

**Aoife:** mate of Kostya. Nice, but shy. Unless you zing her mate, then she goes into scary dragon mode.

**Baltic:** wyvern of the light dragons. I could say a lot about Baltic, but since I'm now his stepmom, it's probably better if I keep those thoughts to myself. I like him even though he makes his father crazy, but in a weird kind of way, I think that's good for both of them.

**Bastian Blu:** wyvern of the blue dragons. He has sad eyes. I want to ask him why, but that's probably overstepping some bounds or other.

**Bee Dakar:** Constantine's mate. She's fairly quiet and watchful.

**Constantine Norka:** wyvern of the indigo sept. I gather it's super small, and he has some sort of history with Baltic and Ysolde, but I haven't figured all that out. He is very funny, and has a disembodied head named Gary, who is oddly charming.

**Drake Vireo:** wyvern of the green dragons. Intimidating. Reminds me of a panther.

**Deus (Amadeus)** somebody-or-other: kinda pushy ouroboros leader of the Chaos Tribe. Not my fave person in the world.

**Gabriel Tauhou:** wyvern of the silver dragons. Supersweet, and has a gorgeous Australian accent.

**Kostya Fekete:** wyvern of the black dragons, and Drake's brother. Prone to dramatic speeches. Lots of hand waving.

**May Northcott:** Gabriel's mate. Aisling told me she's a doppelganger, but I have no idea what that means. She has a twin who raised a ruckus sometime back, evidently.

**Rowan Dakar:** used to be mortal, now a dragon and wyvern of the red sept. There's a big involved story about his past, too, but I haven't sorted it all out yet.

**Sophea Long:** Rowan's mate. Ysolde said she was mated to another red dragon wyvern, but he died, and Sophea ... inherited, I guess ... Rowan. They're both sweet and very much in love, so I'm glad they found each other.

**Ysolde:** Baltic's mate. She has quite the history with him and the First Dragon, who has a special fondness for her. I think it's because she isn't the least bit in awe of him. The FD, not Baltic. Although come to think of it, she's not overly impressed by Baltic, either. I like her.
