The Sept of the Green Dragons

Dear

I have been informed by the Registrar that you have applied for honorary membership into this fine sept. After a thorough background check, I am pleased to accept your application, and extend to you a heartfelt welcome into the sept of the green dragons.

As a member of this sept, you are responsible for upholding the honor of the sept at all times. Honorary members are not allowed to vote on matters of sept policy, but you are welcome to attend any official sept meetings. You are now allowed to wear the sept emblem, copies of which are enclosed.

Members who are interested in sept history are referred to that excellent tome, *L'histoire Grande et Glorieuse et les Dragons Verts, le dixième siècle au dix-huitième siècle*, written by noted dragon historian F. P. Claude Montsierre (copies of which should be available at your nearest dragon bookshop).

The green dragons have a long and noble history, and I am delighted to add you to the roster of its members.

Best,

Drake Vireo
Wyvern
